From the President, Mysore city Municipal Council

M 6 45-r/43-44- dated 6-6-45-

Requests sanction to" the revision of the Grade Pay of the two additional pipe line Maistries sanctioned in G.O. No L 10137-9/M 11-43-96, dated 29-3-45, from Rs 15 to Rs 20-1-25+5 c A and 2) to treat their services as "Superior" and 3) and to continue the present men Nanjaiah and Mariappa as pipe line Maistries in the new grade, exempting them from the operation of the C R & Rules

2) In G.O. No L 10137-9/M 11-43-96, dated 29th March 45 sanction was accorded to the employment of two additional pipe line Maistries on Rs 15+5 c A each, per mensem, in the Health Section of the Mysore City Municipality

The Health Officer, Mysore city Municipality and the President Mysore city Municipal Council have suggested the desirability of fixing the scale of pay of the above two pipe-line Maistries, at Rs 20-1-25+5 c A as in the case of the other two Sweeping Maistries, whose duties and functions are similar

3) The President, Mysore city Municipal Council has requested sanction of Government for the

following resolutions of the city Municipal Council

1) to revise the grade pay of the above two additional pipe line Maistries from Rs 15-1-25 + 5 c A each to Rs 20-1-25 + 5 c A each, p M

2) that R Nanjunah and K Narasappa, who are now working as pipe line Maistries be treated as belonging to "Superior" service, and allowed the benefit of the revised grade

(1) Re proposal No I it may be stated that the employment of two additional pipe line Maistries at a cost of Rs 40/p M was sanctioned, on the understanding that there would no extra cost, consequent upon the proposed reduction of Scavengers from 28 to 24, resulting in a savings of Rs 40- p-M The Average cost for the revised grade of Rs 20-1-25, comes to Rs 23 1/3 and the present proposal involves an extra cost of Rs 16 2/3 p-M

2) Re Resolution No II, it is stated that the services of the other two Maistries working in the Mysore city Municipality are treated as 'Superior" while such Maistries are treated as "Superior" in the Bangalore city Municipality there are no such pipe line Maistries in the K G F Sanitary Board

The these two posts under the proposed revised Scale of 20-1-25 + 5 - C A are treated as "Superior" the present men, Nanjaiah and Mariappa, who do not seem possess any qualification, have to be exempted from the operation of the C R R rules, They belong to Backward community

-7) points for orders

1) Revising the Scale of pay of the two additional pipe line Maistries, from Rs 15+5 C A to Rs 20-1-25+5 each, resulting in an extra cost of Rs 16 2/3 p.m

2) treating the services of the above two pipe line Maistries as "Superior"

3) promoting the existing men R Nanjiah and C Mariappa, to the revised grade of Rs 20-1-25+5 C A on the "Superior" establishment exempting them from the operation of the C R R rules, so far as the qualification requirements are concerned

Sm 23/6 28) Kindly refer to the detailed report of the Health Officer of the Engg wherein he has recommended the case of the two maistries R Nanjiah + Mariappa for their being treated as Superior and their exemption from the operation of the C-R-R rules This proposal may please be agreed

Sir,

Subject:- Re-organisation of the Sewage Pipe Line Establishment
14/1/44

I have the honour to state that the existing Pipe Line Establishment consists of 1 Suboverseer (Rs 35-5/2-80+ C A 5) 2 Maistries (20-1-25+5 CA each) and 28 Sweepers (Rs 10 each) As it was found by experience that this staff sanctioned at a time when the underground drainage in the city was not so extensive, was not adequate The city was divided into four sections and the work entrusted to four maistries, two of whom are borne on the sanctioned establishment and the other two being deputed for work from the Avenue and Conservancy Establishment The men deputed from other sections are not allowed the benefit of conveyance allowance as in the case of those borne on the regular Pipe Line Establishment, although the nature of work turned out by all is one and the same In order to regularise the establishment with the staff actually working, it was proposed at the Municipal Budget Meeting that the existing establishment be reorganised so as to provide 2 maistries on 20-1-25 plus 5 CA each and two additional maistries on Rs 15/- plus 5 CA each and 24 sweepers to be employed i e , 2 gangs of 3 men each to work under each maistry

in place of 28 men now existing but specific sanction to this proposal was not then obtained. However, the proposal to appoint two additional pipe line maistries on Rs.15+5 CA per mensem was placed before the Municipal Council at their meeting held on 23-12-1943 when they approved of the same

By the reduction in the number of sweepers from 28 to 24 there will be a savings of Rs 40 per mensem which will be appropriated to meet the pay of the two additional maistries on Rs 15+ CA 5 each per mensem and it involves in no extra cost I request you kindly to obtain sanction of Government to the resolution of the Municipal Council

ORDER NO. L 10137-9/xxL11-43-96

Dated, Bangalore, the 29th March 1944.

The President, City Municipal Council, Mysore, has stated that the existing pipe line establishment consisting of one sub-overseer on Rs.35-5/2-80 plus 5 C.A., two maistries on Rs.20-1-25 plus 5 C.A. each per mensem and 28 sweepers on Rs.10/- each per mensem which was sanctioned when the underground drainage in the City was not so extensive was found to be inadequate. The City was accordingly divided into four sections and the work was entrusted to four maistries, two of them being borne on the sanctioned establishment and the other two being deputed for work from the avenue and the conservancy establishments with the result that the two maistries deputed from other establishments are not allowed the benefit of the conveyance allowance admissible to the other two maistries, although the nature of the work turned out by all of them is one and the same. He adds that, with a view to regularise the establishment with the staff actually working, and to avoid the deputation of persons from other establishments the Municipal Council have, at their meeting held on the 23 rd December 1943, approved of the entertainment-an addition of two maistries on a pay of Rs.15/- plus 5 each per mensem and the reduction of the number of sweepers from 28 to 24 so that the savings of Rs.40/- per mensem resulting thereby may be utilised for meeting the pay of the two maistries proposed to be entertained. The President requests sanction to the above proposal which involves no extra cost to the Municipal Council. Government are accordingly pleased to sanction the proposal in the circumstances stated.

Sir,

Subject - Sanctioning the appointment of two pipe line maistries on Rs 15/- with C A of Rs 5/- each to the Pipe Line Establishment of the City Municipality, Mysore

Adverting to Government Order No L 10137/9/M1 11-43-96 dated the 29th March 1944 sanctioning the two posts of Pipe Line Maistries on Rs.15/- with a C A of Rs 5/- each, for work in the Pipe Line Section, I have the honour to state that it is not clear as to whether these posts have to be treated as of the superior or the inferior cadre In the former case, the posts have to be classified in the Vacancy Register as per Public Service Commission Rules and filled up after advertisement The Pipe Line maistries are also included in the classification of the posts relating to the recruitment under Public Service Commission Rules But in this case one peon on Rs 12/- of the Conservancy Department and an avenue maistry on Rs 15/- were deputed to work as additional maistries without the benefit of the conveyance allowance being given to them as in the case of other two maistries in the regularly sanctioned scale It was with a view to regularise the establishment actually working as maistries in the Pipe Line section and to avoid deputation, sanction to the appointment of two line maistries on Rs 15/- with a C A of Rs 5/- each was obtained The Health Officer filled up the posts by appointing the existing men who belonged to the inferior cadre on the presumption that they were entitled to the benefit of the revision in view of their having been actually on duty all along As a doubt has been felt as to whether these posts have to be treated as Superior or Inferior Cadre, the orders passed by the Health Officer are held in abeyance

I request clear orders as to whether the posts are to be treated as of Superior or Inferior cadre, as the present incumbents are entitled to the benefit only in the latter case

Sir,

Subject - Revising the grade pay of the two additional Pipe Line Maistries recently sanctioned by Government in their Order No L 10137-9/M1 11-43-96 dated 29-3-45 to the Health section of the Mysore City Municipality from Rs 15/- to Rs 20-1-25 and treating the services of the new posts as of the superior grade- cadre

---

With reference to your letter No L 228-M1 dated 10th July 1944, calling for certain particulars in regard to the treating as superior or otherwise of the services of the two pipe line maistries on Rs 15+Rs 5 CA recently sanctioned in G O No 10137-9/ M1 11-43-96 dated 29-3-1944, I have the honour to enclose herein for kind perusal a copy of the Health Officer's report which furnishes full particulars in respect of all the points raised in your letter under reply The Health Officer suggested the desirability of fixing the scale of pay of the new posts at Rs. 20-1-25 per mensem as in the case of the existing two pipe line maistries, who are in a similar grade as the duties performed by all the maistries were one and the same He also proposed that the services of the additional maistries may be treated as superior as in the case of the other pipe line maistries with a view to secure uniformity, the existing men viz , R Nanjappa and L Mariappa being absorbed in the posts

The above proposals which involved in the revision of the grade now sanctioned, were placed before the Municipal Council, who in their Ordinary General Meeting held on 26-5-1945 resolved that the grade pay of the two pipe line maistries on Rs 15/- be revised to that of Rs 20-1-25+CA 5 per mensem each and that R Nanjiah and L Mariappa actually working in the place be treated as superior service officials with a starting pay of Rs 20/- in the grade of Rs.20-1-25 plus a cycle allowance of Rs 5/- per mensem in case they maintain cycles. An extract of the resolution of the Council meeting is enclosed for

kind perusal.

As the abovenamed Nanjiah and Mariappa who are doing the duties of the maistries are now in inferior service and possess no qualification, they are to be exempted from the operation of the C.R B Rules for appointment to the new posts, as it is recommended by the Health Officer that their work has been satisfactory and they are the best fitted persons for the place in view of the experience gained by them though they do not possess the requisite qualifications and the Council have also approved of this proposal.

In the circumstances detailed above, I request that as resolved by the Municipal Council the two posts of the additional pipe line maistries may be placed on the superior cadre, their pay being fixed at Rs 20-1-25+CA 5/- as in the case of the other two pipe line maistries and that the present men Nanjiah and Mariappa be continued in the posts in the new grade of Rs 20-1-25, they being exempted from the operation of the C.R B Rules, in view of the circumstances stated above

SUBJECT———

Letter No H2 PR 250/44-45 dated 10th April 1945 from the Health Officer City Municipality, Mysore, to the President, City Municipal Council, Mysore

--

With reference to your memo No M6 452/43-44 dated 13-7-44 forwarding a copy of letter No L 228/M1 dated 10-7-44 received from the Law Secretary xxxx regarding Pipeline Establishment, I have the honour to place before you the information called for in the letter noted above

1 The service of the two existing maistries are treated as superior,
2 The nature of the work of the maistries is -
(i) A regular inspection of all the manholes of the division every day, for cleaning and removal of silt, with the help of the gnagmen,
(ii) Routine cleaning of underground pipelines, sectionwar, every day and removal of silt therefrom,
(iii) Cleaning the chokages of xxx manholes and underground pipelines wherever they occur,
(iv) Attending to the chokage of private and public flushout latrines, gulley traps, house drainage connections etc , etc

3 Regarding age, caste etc , details are given below -

No	Name	Age	Caste	Service	Classification	Pay	Remarks
				Existing			
1	Puttarama	45	Kurubar	29	knows Kannada, 14 years experience, in Pipeline work	25 + 5CA	
2	Marimadappa	24	Lingayat	4	L S Course, Training in Chamarajendra Technical Institute	20 + 5CA	
				Proposed			
1	R Nanjiah	33	Bedar	9	8 yrs experience in pipeline work	12/-	
2,	L Mariappa	49	Vokkaligar	20	20 yrs experience in pipeline work	15/-	

4 Yes
5 The services of Pipeline maistries in Bangalore are treated as inferior vide letter No H2 138/44 dated 11-9-1944 received from the Health Officer, Bangalore City They are practically conservancy peons looking after the work
(ii) There are no pipeline maistries in K G F xxx as there is no underground sewage system in that area (vide letter No N Dis G1 885/44-45 dated 7-9-1944 received from the President, Sanitary Board, KGF)

Further, I may kindly be permitted to place before you the following additional facts for favour of information and necessary action -

(1) It would not be desirable to classify the services of 2 pipeline maistries as inferior when the services of the regular pipeline maistries are classified as superior
(2) For the same reason and as the work turned out by all is the same, it would not be advisable to appoint them on a pay of Rs 15 + 5 CA when the regular maistries are getting Rs 20 + 5 CA in the grade Rs 20-1-25

16 Rs 20-1-25 each of a cycle

(3) The two persons now proposed to be absorbed in the establishment, viz Mariappa (Avenue maistry on Rs 15/-) and R Nanjiah (Conservancy peon on Rs 12/-) have been actually doing the work of the pipeline maistries all these years and they have undergone practical training at the hands of several Health Officers, somuch so, they know every inch of the underground pipeline in the city This is the type of qualification and practical experience that is required of persons that should be appointed as pipeline maistries and I feel that these people should be absorbed as pipeline maistries ~~xxx~~ The question of seniority alone should not be taken as the criterion for giving promotions The capacity of the individual, aptitude, intelligence, eagerness to pick up work and satisfactory discharge of duties with a sense of responsibility should be the major guiding principles All these qualities are practically found in the case of Nanjappa and to a variable extent in case of Mariyappa

(4) Government have sanctioned the appointment of 2 more pipeline maistries on the understanding that the existing 28 gangmen would be reduced to 24 thereby showing a savings of Rs 40/- a month So that the 2 appointments would not cost extra to the Municipality

But the very idea of improving the quality of work by increasing the number of maistries would be frustrated by this reduction in the number of gangmen for the reason that the total length of underground pipeline has increased very rapidly and even the existing 28 gangmen are found inadequate This number would have to be increased very soon

I request you therefore to kindly place all these facts before the Council and the Government for very sympathetic and kind consideration
